[Docket Number USCG-2017-0064]

RIN 1625-AA08, AA00

Special Local Regulations and Safety Zones; Recurring Marine Events and Fireworks

Displays within the Fifth Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend the regulations established for recurring marine events and fireworks displays that take place within the Fifth Coast Guard District area of responsibility. This proposed rule would revise the listing of events that informs the public of regularly scheduled marine parades, regattas, other organized water events, and fireworks displays that require additional safety measures provided by regulations. Through this rulemaking, the list of recurring marine events requiring special local regulations or safety zones would be updated with revisions, additional events, and removal of events that no longer take place in the Fifth Coast Guard District. When these regulations are enforced, certain restrictions are placed on marine traffic in specified areas. This rulemaking project promotes efficiency by eliminating the need to produce a separate rule for each individual recurring event, and serves to provide notice of the known recurring events requiring a special local regulation or safety zone throughout the year. This proposed rule would also remove regulations that are no longer effective or required. We invite your comments on this rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: You may submit comments identified by docket number USCG-2017-0064 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Dennis Sens, Fifth Coast Guard District Office of Waterways Management, U.S. Coast Guard; telephone 757-398-6204, Dennis.M.Sens@uscg.mil.

II. Background, Purpose, and Legal Basis

The Coast Guard regularly updates Special local regulations and Safety Zones established for recurring marine events and fireworks displays that take place either on or over the navigable waters of the United States. Under that rule, the list of recurring marine events requiring special local regulations or safety zones is updated with revisions, additional events, and removal of events that no longer take place within the Fifth Coast Guard District. The Fifth Coast Guard District area of responsibility is defined in 33 CFR 3.25. This rule would remove regulations no longer effective or required that continue to be listed in the CFR.

The Tables in the CFR that list annual and recurring special local regulations and safety zones for marine events and fireworks displays within Fifth Coast Guard District area of responsibility (AOR) are published under 33 CFR 100.501 and 165.506, respectively. These Tables were last amended September 14, 2016 through a previous rulemaking (81 FR 63075), and generated no adverse comments. Like this NPRM, the September 2016 rule added, removed, and revised the Tables to 33 CFR 100.501 and 33 CFR 165.506 for recurring marine events and fireworks displays requiring special local regulations and safety zones.

The purpose of this rulemaking is to ensure the safety of persons, vessels and the navigable waters within close proximity to marine events and or fireworks displays before, during, and after the scheduled event. Publishing these regulatory updates in a single rulemaking promotes administrative efficiency and reduces costs involved in producing a separate rule for each individual recurring event. This proposed action also provides the public with notice through publication in the **Federal Register** of future recurring marine events and fireworks displays and their accompanying regulations, special local regulations and safety zones. This rule provides separate tables for each Coast Guard Sector within the Fifth Coast Guard District. The Coast Guard issues this rulemaking under authority in 33 U.S.C. 1231; 33 U.S.C. 1233; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

III. Discussion of Proposed Rule

Special Local Regulations

This proposed rule adds 3 new special local regulations for marine events, removes 1 regulation and revises 6 previously established regulations for marine events listed in the Table to § 100.501. Other than changes to the dates and locations of certain events, the other

provisions in 33 CFR 100.501 remain unchanged.

The Coast Guard proposes to revise regulations at 33 CFR 100.501 by adding 3 new special local regulations. The special local regulations are listed in TABLE 1, including reference by section as printed in the TABLE to § 100.501.

TABLE 1

[Special local regulated areas added to 33 CFR 100.501]

	Table to § 100.501 section	Location
1.	(b.) 9.	Chesapeake Bay, Chesapeake Bay Bridge, MD
2.	(c.) 10.	James River, Midlothian, VA
3.	(d.) 4.	Masonboro Inlet, Banks channel, Motts channel, Wrightsville Beach, NC

The Coast Guard proposes to amend the regulations at 33 CFR 100.501 by disestablishing the special local regulation previously listed in section (b.) of TABLE to 100.501; marine event – Maryland Swim for Life, Chester River, MD. The basis for removal of this marine event from regulatory enforcement includes limited vessel traffic in the area of the event, close proximity to shore, and shallow water depths.

This rule proposes to revise 6 preexisting special local regulations that involve change to marine event date(s) and/or coordinates. These events are listed in TABLE 2, with reference by section as printed in the TABLE to § 100.501.

TABLE 2

5.	(b.) 21.	Hambrooks Bay, Choptank River, MD	dates
6.	(c.) 6.	Mill Creek, Hampton, VA	dates

Based on the nature of marine events, large numbers of participants and spectators, and event locations, the Coast Guard has determined that the events listed in this rule could pose a risk to participants or waterway users if normal vessel traffic were to interfere with the event. Possible hazards include risks of injury or death resulting from near or actual contact among participant vessels and spectator vessels or mariners traversing through the regulated area. In order to protect the safety of all waterway users including event participants and spectators, this rule would establish special local regulations for the time and location of each marine event.

This rule prevents vessels from entering, transiting, mooring or anchoring within areas specifically designated as regulated areas during the periods of enforcement unless authorized by the Captain of the Port (COTP), or designated Coast Guard Patrol Commander. The designated “Patrol Commander” includes a Coast Guard commissioned, warrant, or petty officer who has been designated by the COTP to act on their behalf. On-scene patrol commanders may be augmented by local, State or Federal officials authorized to act in support of the Coast Guard.

Safety Zones

This rulemaking proposes to add 8 new safety zones, revise 15 previously established safety zones and remove 6 safety zones listed in the Table to § 165.506. Other than changes to the dates and locations of certain safety zones, the other provisions in 33 CFR 165.506 remain unchanged.

The Coast Guard proposes to revise the regulations at 33 CFR 165.506 by adding 8 new safety zone locations to the permanent regulations listed in this section. The new safety zones are listed in TABLE 3, including reference by section as printed in the Table to § 165.506.

The rule proposes to revise 15 preexisting safety zones that involves changes to event date(s) and coordinates. These revised safety zones are shown in Table 4, with reference by section as printed in the Table to § 165.506.

The Coast Guard proposes to amend regulations at 33 CFR 165.506 by disestablishing the following 6 safety zones listed in TABLE 5.

[Safety Zones removed from 33 CFR 165.506]

TABLE 5

	Date(s)	Event	Regulated Area

4.	July 4 th	Fireworks display	Pantego Creek, Belhaven, NC
5.	May – 3 rd Saturday	Fireworks display	Pasquotank River, Elizabeth City, NC
6.	October – 2 nd Saturday	Fireworks display	Atlantic Intracoastal Waterway, Bogue Inlet, Swansboro, NC

Each year, organizations in the Fifth Coast Guard District sponsor fireworks displays in the same general location and time period. Each event uses a barge or an on-shore site near the shoreline as the fireworks launch platform. A safety zone is used to control vessel movement within a specified distance surrounding the launch platforms to ensure the safety of persons and property. Coast Guard personnel on scene may allow boaters within the safety zone if conditions permit.

The enforcement period for these safety zones is from 5:30 p.m. to 1 a.m. local time. However, vessels may enter, remain in, or transit through these safety zones during this time frame if authorized by the COTP or designated Coast Guard patrol commander on scene, as

provided for in 33 CFR 165.23. This rule provides for the safety of life on navigable waters during the events. The regulatory text we are proposing appears at the end of this document.

Temporary regulations

The Coast Guard proposes to amend regulations at 33 CFR 100.501 and 33 CFR 165.506 by removing the following 5 temporary sections listed in TABLE 6. These temporary sections are no longer effective but continue to appear in the CFR.

[Special local regulated areas removed from 33 CFR 100.501 and safety zones removed from 33 CFR 165.506]

The Coast Guard is removing 33 CFR 165.540 that was previously established to facilitate a large multi-year dredging project in the coastal Cape Fear River area. This project was completed by the U.S. Army Corps of Engineers and its contractors and accordingly a safety zone is no longer required for this purpose.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the short amount of time that vessels will be restricted from regulated areas, and the small size of these areas that are usually positioned away from high vessel traffic zones. Generally vessels would not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the regulated areas. Advance notifications would also be made to the local maritime community by issuance of Local Notice to Mariners, Broadcast Notice to Mariners, Marine information and facsimile broadcasts so mariners can adjust their plans accordingly. Notifications to the public for most events will typically be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these special local regulated areas and safety zones will only be enforced one to three times per year.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C.

605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit through a special local regulated area or safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

These special local regulated areas and safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of event participants and spectators. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the regulated area. Generally, permission to enter, remain in, or transit through these regulated areas during the enforcement may be given, when deemed safe to do so by the Coast Guard patrol commander on scene. Before the enforcement period, we will issue maritime advisories widely.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will

not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the

aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment.

This proposed rule involves implementation of regulations within 33 CFR part 100 that apply to organized marine events on the navigable waters of the United States. Some marine events by their nature may introduce potential for adverse impact on the safety or other interest of waterway users or waterfront infrastructure within or close proximity to the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, and sail board racing. This section of the rule is categorically excluded from further review under paragraph 34(h) of Figure 2-1 of the Commandant Instruction M16475.ID. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are not required for this section of the rule.

This proposed rule involves implementation of regulations at 33 CFR part 165 that establish safety zones on navigable waters of the United States for fireworks events. These safety zones are enforced for the duration of fireworks display events. The fireworks are generally launched from either a floating barge platform or immediately adjacent to navigable

waters of the United States. The category of activities includes fireworks launched from barges or at the shoreline that generally rely on the use of navigable waters as a safety buffer.

Fireworks displays may introduce potential hazards such as accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. This section of the rule is categorically excluded from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction M16475.1D. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION**

CONTACT section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects

33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR parts 100 and 165 as follows:

PART 100--SAFETY OF LIFE ON NAVIGABLE WATERS

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

§ 100.35T05-0276 [Removed]

2. Remove § 100.35T05-0276.

§ 100.35T05-0482 [Removed]

3. Remove § 100.35T05-0482.

4. Revise § 100.501 to read as follows:

§ 100.501 Special Local Regulations; Marine Events within the Fifth Coast Guard District.

The following regulations apply to the marine events listed in the Table to §100.501. These regulations will be effective annually, for the duration of each event listed in the Table to §100.501. Annual notice of the exact dates and times of the effective period of the regulation with respect to each event, the geographical area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will be published in Local Notices to Mariners and via Broadcast Notice to Mariners over VHF-FM marine band radio.

(a) Definitions. The following definitions apply to this section:

(1) Coast Guard Patrol Commander. A Patrol Commander (PATCOM) is a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the respective Coast Guard Sector—Captain of the Port to enforce these regulations.

(2) Official Patrol means any vessel assigned or approved by the respective Captain of the Port with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(3) Spectators. All persons and vessels not registered with the event sponsor as participants or official patrol vessels.

(4) Regulated area as used in this section means an area where Special local regulations apply to a specific described waterway to include creeks, sounds, bays, rivers and oceans. Regulated areas include all waters of a specific body of water described with intent to define

boundaries where the Coast Guard enforces Special local regulations. Boundaries may be described from shoreline to shoreline, reference bridges or other fixed structures, by points and lines defined by latitude and longitude. All coordinates reference Datum: NAD 1983.

(b) Marine Event Patrol. The Coast Guard will assign a marine event patrol, as described in §100.40 of this part, to each regulated event listed in the table. Additionally, a PATCOM will be assigned to oversee the patrol. The marine event patrol and PATCOM may be contacted on VHF-FM Channel 16. (1) The PATCOM may terminate the event, or the operation of any vessel participating in the marine event, at any time if deemed necessary for the protection of life or property. Only designated marine event participants and their vessels and official patrol vessels are authorized to enter the regulated area.

(c) Special local regulations. (1) The PATCOM or designated marine event patrol may forbid and control the movement of all vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, a vessel in these areas shall immediately comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(2) The operator of any vessel in the regulated area shall:

(i) Stop the vessel immediately when directed to do so by any Official Patrol and then proceed only as directed.

(ii) All persons and vessels shall comply with the instructions of the Official Patrol.

(iii) Vessel operators may request permission to enter and transit through a regulated area by contacting the PATCOM on VHF-FM channel 16. When authorized to transit through the regulated area, vessels shall proceed at the minimum speed necessary to maintain a safe course that minimizes wake near the race course or marine event area.

(3) Race Area. This is an area described by a line bound by coordinates provided in latitude and longitude that outlines the boundary of a race area within the regulated area defined by this part. Only event sponsor designated participants or designated participating vessels and official patrol vessels are allowed to enter the race area. Persons or vessel operators may request authorization to enter and transit through the regulated area by contacting the PATCOM on VHF-FM Channel 16.

(4) Spectator Area. This is an area described by a line bound by coordinates provided in latitude and longitude that outlines the boundary of a spectator area within the regulated area defined by this part. Spectators are only allowed inside the regulated area if they remain within a designated spectator area. All spectator vessels shall be anchored or operate at a No Wake Speed within the designated spectator area. On scene designated PATCOM representatives will direct spectator vessels to the spectator area. Spectators shall contact the PATCOM to request permission to pass through the regulated area. If permission is granted, spectators must pass directly through the regulated area at safe speed and without loitering.

(5) Buffer Area. This is a neutral zone that surrounds the perimeter of a Race Area or Marine Event Area within the regulated area described by this part. The purpose of a buffer zone is to minimize potential collision conflicts with marine event participants or race boats and spectator vessels or nearby transiting vessels. This zone provides separation between a Race Area or Marine Event Area and a specified Spectator Area or other vessels that are operating in the vicinity of the Special local regulated area for marine event.

(6) Spectators are only allowed inside the regulated area if they remain within a designated spectator area. Spectators shall contact the PATCOM to request permission to either enter the Spectator Area or pass through the regulated area. If permission is granted, spectators

may enter the Spectator Area or must pass directly through the regulated area as instructed by PATCOM at safe speed and without loitering.

(d) Contact information. Questions about marine events should be addressed to the local Coast Guard Captain of the Port for the area in which the marine event is occurring. Contact information is listed below. For a description of the geographical area of each Coast Guard Sector—Captain of the Port zone, please see subpart 3.25 of this chapter. (1) Coast Guard Sector Delaware Bay—Captain of the Port Zone, Philadelphia, Pennsylvania: (215) 271-4940.

(2) Coast Guard Sector Maryland-National Capital Region —Captain of the Port Zone, Baltimore, Maryland: (410) 576-2525.

(3) Coast Guard Sector Hampton Roads—Captain of the Port Zone, Norfolk, Virginia: (757) 483-8567.

(4) Coast Guard Sector North Carolina—Captain of the Port Zone North Carolina: (877) 229-0770 or (910) 362-4015.

(e) Application for marine events. The application requirements of §100.15 of this part apply to all marine events listed in the Table to §100.501. For information on applying for a marine event permit, contact the Captain of the Port for the area in which the marine event will occur, at the phone numbers listed above.

(f) Enforcement periods. The enforcement periods for each of the Special local regulations listed in the Table to § 100.501 of this section are subject to change, but the duration of enforcement would remain the same or nearly the same total amount of time as stated in its table. In the event of a change, or for enforcement periods listed that do not allow a specific date or dates to be determined, the Captain of the Port will provide notice by publishing a Notice of Enforcement in the **Federal Register**, as well as issuing a Broadcast Notice to Mariners.

(g) Regulations for specific marine events. (1) Marine event: (b.) 7, U.S. Naval Academy Blue Angels Air Show. Severn River spectator area; except for a vessel in an emergency situation, a vessel may not anchor or maintain station within the spectator area described in TABLE TO 100.501 (b.) 7 without the permission of the Captain of the Port or designated PATCOM. The Captain of the Port has designated this spectator area for commercial small passenger vessel use. This area is closed except for commercial small passenger vessels holding a valid Certificate of Inspection regulated under 46 CFR subchapters K and T (46 CFR 114.110, and 175.110). Vessels that meet the requirements of this section may request access to the Severn River spectator area by contacting the City of Annapolis Harbormaster at (410) 263-7973 or email harbormaster@annapolis.gov to obtain a vessel spectator area application. Vessel spectator area applications shall be submitted no later than 7 calendar days prior to the event date. Applicants will be notified by the Captain of the Port or representative regarding status of applications and further instructions. All vessels shall contact the PATCOM on VHF-FM channels 16 or 22A prior to transiting to the spectator area to confirm entry approval. Vessels approved for spectator area access shall follow the instructions issued by the PATCOM when entering the regulated area. The regulations for this event will restrict access to some of the anchorage grounds listed at 33 CFR 110.159, Annapolis Harbor, MD, specifically (2) Middle Ground Anchorage, (3) South Anchorage, and (4) Naval Anchorage for Small Craft.

(2) Marine event: (b.) 23, Baltimore Air Show. Patapsco River spectator area; except for a vessel in an emergency situation, a vessel may not anchor or hold station within the spectator area described in TABLE TO 100.501 (b.) 23 without the permission of the Captain of the Port or designated PATCOM. The Captain of the Port has designated this spectator area for commercial small passenger vessel use. This area is closed except for commercial small

passenger vessels holding a valid Certificate of Inspection regulated under 46 CFR subchapters K and T (46 CFR 114.110, and 175.110). Vessels that meet the requirements of this section may request access to the Patapsco River spectator area by contacting the Sail Baltimore at (410) 522-7300 or email info@sailbaltimore.org to obtain a vessel spectator area application. Vessel spectator area applications shall be submitted no later than 10 calendar days prior to the event date. Applicants will be notified by the Captain of the Port or representative regarding status of applications and further instructions. All vessels shall contact the PATCOM on VHF-FM channels 16 or 22A prior to transiting to the spectator area to confirm entry approval. Vessels approved for spectator area access shall follow the instructions issued by the PATCOM when entering the regulated area. The regulations for this event will restrict access to some of the anchorage grounds listed at 33 CFR 110.158, Baltimore Harbor, MD. Specifically anchorage grounds: (1) Anchorage No. 1, general anchorage; (2) Anchorage No. 2, general anchorage; (3) Anchorage No. 3 Upper, general anchorage; and (4) Anchorage No. 3 Lower, general anchorage.

6. Remove § 165.T05-0330.

§ 165.T05-0495 [Removed]

7. Remove § 165.T05-0495.

§ 165.T05-0723 [Removed]

8. Remove § 165.T05-0723.

§ 165.506 [Amended]

9. Revise section 165.506 to read as follows:

§ 165.506 Safety Zones; Fireworks Displays in the Fifth Coast Guard District.

(a) Regulations. (1) The general regulations contained in 33 CFR 165.23 apply.

(2) The following regulations apply to the fireworks safety zones listed in the Table to §165.506. These regulations will be enforced annually, for the duration of each fireworks event listed in the Table to §165.506. In the case of inclement weather, the event may be conducted on the day following the date listed in the Table to §165.506. Annual notice of the exact dates and times of the enforcement period of the regulation with respect to each safety zone, the geographical area, and other details concerning the nature of the fireworks event will be published in Local Notices to Mariners and via Broadcast Notice to Mariners over VHF-FM marine band radio.

(3) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port, Coast Guard Patrol Commander or the designated on-scene-patrol personnel. Those personnel are comprised of commissioned, warrant, and petty officers of the U.S. Coast Guard. Other Federal, State and local agencies may assist these personnel in the enforcement of the safety zone. Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of a vessel shall proceed as directed.

(b) Notification. (1) Fireworks barges and launch sites on land that operate within the regulated areas contained in the Table to §165.506 will have a sign affixed to the port and starboard side of the barge or mounted on a post 3 feet above ground level when on land immediately adjacent to the shoreline and facing the water labeled “FIREWORKS—DANGER—STAY AWAY”. This will provide on scene notice that the safety zone will be enforced on that day. This notice will consist of a diamond shaped sign 4 feet by 4 feet with a 3-inch orange retro reflective border. The word “DANGER” shall be 10 inch black block letters centered on the sign with the words “FIREWORKS” and “STAY AWAY” in 6 inch black block letters placed above and below the word “DANGER” respectively on a white background.

(2) Coast Guard Captains of the Port in the Fifth Coast Guard District will notify the public of the enforcement of these safety zones by all appropriate means to affect the widest publicity among the affected segments of the public. Publication in the Local Notice to Mariners, marine information broadcasts, and facsimile broadcasts may be made for these events, beginning 24 to 48 hours before the event is scheduled to begin, to notify the public.

(c) Contact information. Questions about safety zones and related events should be addressed to the local Coast Guard Captain of the Port for the area in which the event is occurring. Contact information is listed below. For a description of the geographical area of each

Coast Guard Sector—Captain of the Port zone, please see 33 CFR 3.25.

(1) Coast Guard Sector Delaware Bay—Captain of the Port Zone, Philadelphia, Pennsylvania: (215) 271-4940.

(2) Coast Guard Sector Maryland-National Capital Region—Captain of the Port Zone, Baltimore, Maryland: (410) 576-2525.
